- **Sound Enhancement:** Dynamic Bass Boost
- **Sound System:** Stereo
- **Speaker diameter:** 3"
- **Volume Control:** rotary

### Connectivity

- 3.5mm stereo line in

### Power

- Mains power
- **Battery type:** LR14
- **Battery voltage:** 1.5 V
- **Number of batteries:** 6

### Accessories

- **Included Accessories:** AC Power Cord, User Manual, Warranty certificate

### Dimensions

- **Packaging dimensions (W x H x D):** 284 x 264 x 155 mm
- **Product dimensions (W x H x D):** 262 x 123 x 245 mm
- **Weight:** 1.6 kg
- **Weight incl. Packaging:** 2 kg

## Product highlights

### CD shuffle/program/repeat

### Line-in connection

### MP3-CD playback

MP3 stands for "MPEG 1 Audio layer-3". MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. MP3 has become the standard audio compression format used on the world wide web, allowing quick and easy audio file transfer.

### Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
